

September 9, 2020

Hello ETI Corral 37 enthusiasts!

What a year this has been! Our Corral 37 Board members met virtually to discuss our plan for the remaining gymkhana and horse show events scheduled for 2020. Based on the current Ventura County public gathering restrictions that are in place, with no known end date, the ETI Corral 37 board of directors has decided to cancel all remaining events planned for 2020.

We were incredibly excited for the new and improved 2020 season with plans for a new ranch horse division, an ETI National Jr Ambassador Benefit show, amazing new carded judges and our Gymkhana saddle series. Unfortunately, with no events we are also unable to do our annual year-end awards. We are sad, disappointed and we want to show!

Looking ahead to 2021 we have improvements planned for the arenas, horse shows, dressage shows, gymkhanas, clinics, jumping trials and more. We will also host our bi-annual Day of the Horse.

This year has also been a financial challenge for our ETI Corral. Our memberships are the bread and butter of the organization and without our usual events our current members are minimal. If you're so inclined to support the Corral with your membership please sign up at the ETI National website.

Thank you for your support throughout the years and especially the most unusual year we have experienced.... also known as 2020.

Happy Trails!

Sharyn Henry

ETI Corral 37 President
